## TO WHOMSOEVER IT MAY CONCERN

This is to certify that ORS Green, the product line incubated by "Organic Recycling Systems Pvt. Ltd." has successfully commissioned and Demonstrated the Decentralized Pre-engineered, Pre-fabricated containerized "Waste to Energy" Plant "YASASUGREEN" based on High Solid Anaerobic digestion technology for 2 TPD (Tons per Day) mixed city waste or 1 TPD segregated city waste at BKC site at Amenity Plot, Near JSW centre and J.P. Morgan, Off. C.S.T. Road, Kalina, Santacruz East, Mumbai, Maharashtra since 1<sup>st</sup> July 2016.

The plant has been successfully commissioned and started accepting waste since 1<sup>st</sup> July, 2016. ORS is operating and maintaining the plant since then till date. The unit is processing and treating the entire incoming quantity of waste with gas production of around 0.120 Nm<sup>3</sup>/kg of waste. Power generated from generated biogas is being utilized daily for operating the plant, illuminating the plant area, nearby BMC library utilities like lights and fans as well as for lighting the surrounding area like lights in the JSW approach road.

BMC is satisfied with the performance of the plant.

ORS Green has proposed to donate this unit under the "Swacchta Pledge" of "Swacch Bharat Mission" to GMMC to cater to one ton of organic waste generated by the nearby commercial complexes, restaurants and societies of ward H/East making it an exemplary unit for treatment of waste at source.

This Certificate is issued on Company's request.
